

Weekly Homework

There will also be weekly activities to complete on your child's Mathletics account, in line with their ability and year group expectations.

Your child will also receive weekly spelling words to practice and learn, ready to be tested the following week.

As a school we are focusing on reading and encouraging all children to read more regularly at home – aiming for at least 5 times a week.

Ensure your child reads with an adult at least 5 times a week and they will receive a reading medal and a stamp in their Reading Passport!

PSHE

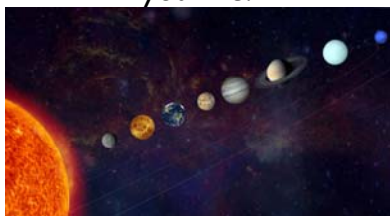

In PSHE this term, we will be focusing on our Dreams and Goals.

As it's a new year, you could set yourself some New Year's Resolutions and explain how you will reach these!

Science

In Science this term, we will be learning about Space. Create a model of one of the 8 planets in our solar system. Use any materials you like!

Let's get creative!

These are **enrichment activities** that you may choose to do with your child at home, to support their learning. Pick at least 2 and hand this into Mr. Brown by **Monday 7th February**, and the second by **Monday 28th March**. If you wish to do more than these 2, go ahead!

Across the Pond Homework Year 5 – Term 3 and 4

Writing

You have been selected for a space mission! What you have to do in the mission is up to you. You can choose how to present your adventure:

- Diary
- Story
- Newspaper report
- Non-chronological report about the mission.

Art

Have a look at Frida Kahlo's paintings in a book or online. Create a self-portrait of you in a similar style to Frida.

Geography

Choose a country in North America and create a fact file about it. Make sure you put as many interesting facts in as you can.

Surprise Me!

If you have any other ways you wish to complete extra learning about our topic, this is your chance to do so!

Perhaps you will visit somewhere or read a book, or create your own quiz about a North America...it's entirely your choice!
